

High-Speed Mobile Internet with 3G Connectivity

The DG-HR1060MS HSPA+ Mobile Router gives you high-speed access to the Internet wherever you are and lets you share it on the go. The built-in 3G antenna provides a reliable connection to your 3G service provider. The DG-HR1060MS provides high-speed Wireless N coverage to give high-speed wireless access to everybody--- whether you are with colleagues on a business trip or travelling with friends and family.

Built-in Software for Instant Access Anywhere

The DG-HR1060MS is truly plug and play, with drivers built right into the router so you can connect without the need to install anything. Open a browser, connect the router, and you can set up your network right from a web interface. This means that notebooks and netbooks without a CD-ROM drive can connect in no time. Once the device is set up, you can simply power it on to start up your portable mobile network, meaning that you can share your mobile Internet connection without the need of a computer.

Designed for True Portability

The DG-HR1060MS HSPA+ Mobile Router is small and slim enough to carry around in your purse, bag, or pocket. It features a Micro-SD card slot for optional removable storage (up to 32 GB), allowing you to always have your files and contacts on hand.
